What You Should Know

This commitment card has two purposes. First, use it as you consider, pray for, and act on supporting our Mission5:16 campaign.

Second, it lets the church leadership know how much money has been committed and when to expect it so we can make the best financial decisions possible.

Thank you for prayerfully considering being part of this! We are all in this together and we are excited to see how God will use our collective sacrifice and generosity to further his work in and through us!
